BRIEF SUMMARY

I am a developer with expertise in web development. I have a strong understanding of data structures and algorithms and am skilled in Java, Python, and JavaScript. I am comfortable working with SQL and MongoDB databases and have experience with frameworks such as React and Express. I work well in teams, am consistent, and quickly learn new technologies.

KEY EXPERTISE

Web Development   Core Java   Python   Javascript   MERN Stack   DBMS   MongoDB   GIT   Github   NodeJS

Express.js   ReactJS   Data Structures   Algorithms   RestF   RESTful API

EDUCATION

Parul University   2021 - 2025
B.Tech. - IT - PIET | CGPA: **7.25** / **10**

SHREE SHARDA HIGHSCHOOL VADALI, Vadali   2021
12th | GSEB | Percentage: **80.50** / **100**

SANT SHREE RAMJIBAPA SHARDA VIDHYA MANDIR VADALI, Vadali   2019
10th | GSEB | Percentage: **76.50** / **100**

INTERNSHIPS

Saiket Systems | IT / Computers - Software   01 Apr, 2024 - 01 May, 2024
Web Developer Trainee

Key Skills: Express.js   MongoDB   HTML   CSS   ReactJS   NodeJS

During a one-month internship at Saiket Systems, served as a Web Developer intern, focusing on constructing an Amazon clone project. Responsibilities included front-end design, back-end implementation.

PROJECTS

Amazon Clone Using MERN Stack

Key Skills: MongoDB   Axios   HTML   CSS   Stripe API   Express.js   NodeJS   ReactJS

Project Link: https://github.com/Kuldeepatel/Amazon-clone

Designed and developed a fully functional Amazon Clone Website utilizing MongoDB, Express, React, and Node.js, with integrated secure payment options through Stripe. Key features include a user-friendly homepage enabling product addition to carts, an order page , and a seamless checkout process. Implemented efficient data management using Axios to handle API requests, ensuring rapid and real-time updates for a responsive shopping experience.

Youtub Clone Using React and RapidAPI

Key Skills: Youtub API   CSS   HTML   ReactJS

Project Link: https://github.com/Kuldeepatel/youtubClone-using-React

Developed a YouTube Clone using RapidAPI and React, creating a fully operational video streaming website. Leveraging React for the front-end and integrating video data from RapidAPI, I implemented key features enabling users to search for videos and watch content seamlessly. By utilizing RapidAPI for fetching video data, I ensured fast and reliable updates, contributing to a smooth and enjoyable user experience.

ASSESSMENTS / CERTIFICATIONS

98-381:MTA: Introduction to Programming Using Python
Aggregate: 72 / 100

Key Skills: Python

Data Analysis with Python

Key Skills: Data Analysis   Data Cleaning   Data Collection   Data Mining   data

Networking Essentials
Key Skills:

Computer Networking   Routing Protocols   Router   switch   Server   IP   Cisco Packet Tracer   TCP   FTP

Networking Protocol

Data Visualisation: Empowering Business with Effective Insights

Key Skills: Data Cleaning   Data Classification   Data Visualization   Data Processing   data
